PROFESSIONAL EXPERIENCE

Demand Generation Lead | Bleckmann

Eindhoven, Netherlands | Jul 2026 – Present

- Spearhead end-to-end B2B demand generation strategies and integrated marketing campaigns across European and international markets to accelerate qualified pipeline growth for supply chain and logistics solutions.
- Partner directly with Sales, Business Development, and Regional Leadership to define target account lists (ABM), align go-to-market priorities, and build frictionless lead-to-revenue handover workflows in CRM.
- Architect multi-touch inbound and outbound marketing engines across paid digital channels, industry media, technical content assets, and high-impact B2B events to lower CAC and boost sales readiness.
- Establish comprehensive marketing performance tracking dashboards (GA4, Power BI, Salesforce) to monitor full-funnel attribution, MQL-to-SQL conversion velocity, and campaign ROI.
- Champion digital marketing enablement and AI-assisted workflow integration to scale campaign production, personalize customer touchpoints, and increase operational agility.

Digital Media Communication Specialist | AkzoNobel*Amsterdam / Sassenheim, Netherlands | 2024 – 2025*

- Managed digital content editorial calendars, paid/organic social media campaigns (LinkedIn, corporate channels), and executive digital communication assets to enhance brand visibility and audience reach.
- Analyzed digital campaign metrics, web traffic data, and engagement benchmarks to deliver actionable optimization insights for global product launches and corporate sustainability initiatives.
- Collaborated seamlessly with international brand managers, digital agencies, and cross-functional business units across Europe to execute localized digital communication assets and campaign collateral.
- Orchestrated global and regional digital media communication initiatives across corporate and specialty coatings business lines, ensuring brand consistency and message amplification across European markets.

China Marketing Lead / Digital Marketing Lead | Struers (A Danaher Company / Topcon Group)*Shanghai, China & Copenhagen HQ | 2022 – 2023*

- Designed and executed integrated demand generation and product launch campaigns across key industrial verticals (Automotive, Aerospace, Semiconductor, Academic Research), generating 30%+ increase in qualified leads.
- Implemented CRM integration and lead management protocols between marketing channels and sales teams, significantly improving lead tracking, qualification speed, and conversion follow-up.
- Led overall China marketing operations and digital go-to-market strategy for a global market leader in materialographic equipment and consumables, reporting to Global HQ in Denmark and local executive management.
- Spearheaded B2B digital transformation across the China organization, architecting a localized digital ecosystem including WeChat Official Account, targeted technical webinars, and SEM/SEO inbound lead engines.
- Managed annual marketing budgets, creative/technical agencies, and cross-functional alignment between Application Specialists, Product Managers, and Sales Directors.

Senior Marketing Communications Specialist | AMETEK*Shanghai, China | 2018 – 2022*

- Built and executed full-funnel omni-channel campaigns encompassing international trade exhibitions, proprietary technical seminars, whitepapers, email nurturing tracks, and digital advertising.
- Governed Pivotal CRM / Salesforce marketing operations, establishing customer database segmentation, lead routing rules, and sales pipeline alignment across diversified B2B manufacturing verticals.
- Standardized vendor management and agency evaluation processes, reducing agency production costs by 15% while improving campaign delivery timelines and asset quality.
- Managed comprehensive marketing communication, brand positioning, and lead generation programs across multiple specialized industrial instrument business units within AMETEK China.
- Directed content strategy and localized collateral production, translating complex technical instrument specifications into high-impact value propositions and customer-centric case studies.

Public Communications & Marketing Communications Specialist | Public Relations & Communications Agency*Shanghai, China | 2012 – 2018*

- Formulated and executed integrated PR, media relations, and brand communication campaigns for multinational corporate clients and industrial brands.
- Developed deep expertise in audience research, executive storytelling, multi-stakeholder engagement, and integrated campaign planning across traditional and early digital channels.
- Managed media outreach, press releases, technical press conferences, and corporate event management to build long-term brand equity and industry thought leadership.
